MUST—Maryland Upper Shore Transit

We cover the Easton area

Talbot County has partnered with Delmarva Community Services to provide Mobility on Demand (MOD) for the citizens in the Easton area that are unable to ride the fixed or deviated routes. Talbot MOD can take you to work, shopping, medical appointments, etc.

Talbot MOD can pick you up and take you to a transfer location that will provide transportation to other locations in the Mid-Shore region.

Fully equipped vehicles

Need a lift? We can literally pick-you-up — including your wheel chair or power chair—thanks to the “lift” capabilities on many of our buses. Our drivers pay particular attention to riders needing extra help. When you call for “on-demand” service let us know of any limitations you have so we can meet your needs. On regularly scheduled trips, explain any

special needs to the driver picking you up. Our drivers are trained to help with special needs.

Not comfortable taking the bus?
That's no problem. We can provide a "Travel Trainer" to help you "learn the ropes." The travel trainer will literally ride with you while you are becoming accustomed to using our bus system. They'll take you step-by-step through the entire process, all at no extra charge.

Are you a veteran?
We can provide special assistance working through Maryland's Commitment to Veterans.
